

**Jamie Stewart & his ebta workouts leave absolutely nothing to chance. As a player you are forced to become efficient in all areas of the game. Jamie has produced numerous NCAA SCHOLARSHIP players without ever being fortunate enough to train a Natural Basketball Player or Athlete.**

**``I take ownership & pride in assuring that all of my players are supremely fundamentally sound, never make excuses & are prepared for the NCAA!``**

**We work...**

**WITH INTELLIGENCE  
HARDER  
WITH PASSION  
Innovatively  
With constant Analysis  
`In Learning Mode`  
With Focus & Concentration  
WITH A GLASS HALF FULL MENTALITY**

``Imagine if you completed your homework everyday with effort, focus, passion, you allow yourself to be teachable, and then prepared additional bonus assignments for extra marks daily. All supported, encouraged & instructed (taught) by some of the top subject instructors in the World. Imagine what your grades would be like? Well; in a nut shell; that's what ebta is relative to basketball training!``

**Jamie Stewart**

``There is nothing in life that I enjoy more than being in the gym with a motivated aspiring basketball player truly dedicated to becoming the best player he or she can possibly be. It is a true obsession for me that I can not escape. When a player is dedicated & loyal to my training, their development is on my mind 24 hours a day; & I don't miss anything. At the end of a training day, I go home & study your position based on similar sized players at every level of basketball, from multiple Countries, based on your body type, position, athletic ability & create ways I can continue to make you a better player. I can forecast exactly where I think a player can aspire to as far as level of NCAA play if they follow the process in direct accordance to my teaching & immediate recommendations.

In 2001, when I first started training players in Windsor I saw two kids play for 1 hour & immediately went to them individually stating, `If you dedicate yourself to my Basketball Player Development Program, you will be a D1 player when you graduate High School`. People in the area were shocked. Basketball Training was brand new to the basketball community that `NCAA inexperienced coaches, teachers & parents` began saying that I was lying to the kids, that they would never get Basketball Scholarships & I was stealing their money. Four years later I had those same 2 players Top 5 in Canada & signed with NCAA D1 programs.

Recently I was fortunate enough to have the opportunity to display my player development capabilities with a Big Man. When I first started training him, he was a complete joke. Mocked & teased unmercifully by his teammates, local basketball coaches & players on a daily basis; I had him on Canada's National Team 8 months later. Three years later he was offered a Full Ride Scholarship to The Big Ten's Northwestern University with Duke & Michigan aggressively recruiting.

My Basketball Academy is not for the unmotivated player. You have to be committed to WORK, Real Work. This is a serious program that will CHANGE your game, body, mind & future forever. The focus throughout the year is God, family, education, ebta, nutrition, weights, games, studying & sleep. You will improve beyond your wildest dreams & I will be there every step of the way. I won't rest until you reach your potential.

The definition of INSANITY is continuing to do the same thing & expecting different results. Don't imitate what the Windsor basketball community has been doing for decades & getting underachieving results. So many players could have come to ebta & received NCAA Basketball Scholarships & made their parents financial lives much easier (3 could have been NBA Draft picks).

EBTA players beats talent when talent fails to Work Hard!

## ``Training the RIGHT WAY!``

Jamie Stewart's Year Round Elite Basketball Training Academy is a "World Level Player Development Basketball Academy"! The Academy offers the highest & most intense level of World Class Player & Skill development training to all self-motivated players of all ages.

The Academy is dedicated to a total year round Basketball Player Development System "for serious basketball players only".

Ebta.ca's workouts are intense, cutting edge & motivated to manufacture from scratch CIS, NCAA & NBA Basketball Players through sheer will.

Jamie Stewart has developed players at every position to D1 Scholarships. His knowledge, passion & 24/7 innovative & holistic philosophy concerning ``OVERACHIEVING`` PLAYER DEVELOPMENT for his players goes unmatched.

During the school year, 20-30 hrs weekly is spent on the court & 6 hrs/wk is spent in the weightroom. Jamie trains his players strategically 7 days/wk Sept-June. Everyday, 2-4 hrs of World & NBA Level skill development oriented on court workouts are followed by strength programs.

During the Winter Holiday, March Break & Summer months, EBTA will have the players on the court 6hrs/day, 6days/wk & in the weight room 6 hrs/wk. Four hour morning workouts are followed by a carefully constructed individual flexibility program, lunch & rest, weights in the mid afternoon & Scrimmaging or weakness attention programs in the early evening.

Additionally; Jamie is present 100% of the time analyzing, assessing, instructing, teaching, motivating & patiently re-teaching. ``Every`` player will shoot an average of 5000 three pointers a week, post players will work an average of 12-15 hours a week on Post Moves & Footwork Development. ``Every player`` will work on ball-handling, dribbling & NBA ``In Game Moves`` daily. Flexibility programs, icepacks & ice massage carefully revolving around the alternations of High & Low Impact on court workouts is how Jamie is able to keep his players healthy & fresh for weekend AAU or Summer League Games. ``I am a dedicated TEACHER of all aspects of the game! There is ABSOLUTELY no skill I can't teach at a World & NBA level!``

## A 100% NCAA Scholarship Graduation Rate doesn't lie!

- \* **World Level Player Development Program**
  - \* NBA Level Ball-handling Instruction
